## EL DORADO COUNTY'S ONLY DAILY NEWSPAPER

VOLUME XLVIII

PLACERVILLE, EL DORADO COUNTY, CALIFORNIA, FRIDAY, JULY 1, 1938

NUMBER 153

Lives of old men all remind us,  
If we'd be as old as they.  
We must exercise some caution  
As we keep the holiday.

Like the conductor on the Placerville local was telling an old lady passenger the other night about a cow the train hit one time near Shingle.

"Poor thing," sezshe, "was it on the track?"

"None," sezshe, "we chased it down the French Creek road."

Things to remember on the Fourth of July—

Things boiled over and came to a head in 1776.

Engines don't whistle at crossings just to keep up their courage.

The weakest part of the average automobile is the nut that holds the wheel.

If you save half an hour on your journey by reckless driving, what are you going to do with it?

Justice of the Peace Will G. Taylor was in town Friday from Shingle.

Some talk of a nudist camp being established in the county, and, of all places—Bear Creek. Well, guess that beats Chili Bar, or Shingle, either.

Justice of the Peace and Mrs. T. F. Lewis and Mr. and Mrs. L. A. Reeg will spend the double-holiday on a trip to Boulder dam and return.

Mr. and Mrs. Edwin C. Browne and sons will spend about a month in camp near Silver Fork. Ed, it is reported, has some "unfinished business" on the river demanding his attention.

Mrs. Kate Smith and son, Donald, are spending a few days with the former's mother at Fair Oaks.

Mr. and Mrs. James Burks and son have moved to Redding, where Mr. Burks has work.

Matt Miller, recently home from a visit at the Bay District and other points, reports his brother, John, has gone to work on a dredge at Lagrange, east of Modesto.

Edwin C. Browne was an arrival on Thursday and will be here and hereabouts for a month or so.

Fern Ellis was surprised Wednesday evening of this week at a party remembering her birthday anniversary. Her friends spent the evening playing "ootie," and Betty Maul won honors.

No Foothill League baseball game for the El Dorado County Merchants Sunday. They were to play Georgetown, but heads of the two clubs got together and decided it would be best to postpone the battle owing to the holiday.

Supervisor C. E. Green was a caller Friday morning from Diamond Springs.

The last round-up will be made on horseback and not by automobile riding ranch hands, it appears, since recent events prove that the horse is a better suited to this work than the automobile.

Those who will attend the Bond No. 35, Ladies Conference at Lake Tahoe, July 1 to 18 will be Maxine Miller, Wright, Donald Wright, Bond No. 37, One and Robert Combella. Bond No. 38, One Morehouse has been Bond No. 39, One of the conference. Bond No. 39, One Rose was a caller on Friday. Bond No. 40, One in the Cool vicinity. Bond No. 40, One in the Cool vicinity.

### Boy, 13, To Teach Bible During Vacation

YORK, Pa., (UP)—Edward McCoy, 13-year-old York schoolboy, has found a unique way to spend his summer vacation.

He will instruct neighborhood children in Bible history and give daily Sunday school lessons in his father's garage.

Last year, 35 boys and girls attended Edward's Sunday school classes.

**CROW HUNT COSTS THUMB**  
CONCORD, N. H. (UP)—While climbing a wall in pursuit of a crow, Jay Percy, 50, accidentally discharged his shotgun. He returned from the hunt minus the crow—and also minus his right thumb.

## COUNT ON BAIL OF \$10,000

Dime Store Heiress Charges Danish Nobleman Husband With Making Threats

By HENRY TOSTI RUSSELL

United Press Staff Correspondent

LONDON, (UP)—Count Court Haugwitz-Reventlow was remanded today at Bow Street police court until Tuesday when he will answer a charge that he used threats against Countess Barbara Hutton Haugwitz-Reventlow, his \$40,000,000 American five and ten cent store heiress wife.

The Count was required to give an undertaking not to communicate with his wife in any way after Sir Patrick Hastings, the Countess's chief counsel, had made a guarded, dramatic reference to a "firearm."

Haugwitz-Reventlow, handsome Danish nobleman who succeeded the late Alexis Mdivani, Georgian prince as husband of the Woolworth heiress, was allowed bail in \$10,000. Of this he was permitted to be his own surety to \$5,000 but was required to provide another surety for the remainder.

The charge that he must answer is: "That he used threats toward the complainant whereby she apprehends that she goes in danger of her life or of some bodily harm that he will do or cause to be done to her."

Thus it was apparent that a still somewhat mysterious dispute between the Count and Countess was a final one and it was expected that proceedings would be started formally and at once in Danish courts for a separation which would lead to a divorce.

It was learned that the Countess already had put their two-year-old son, Lance under the protection of the British courts and the Crown by having him made a ward in Chancery. This means that until he is 21, the Chancery court may direct his upbringing and his education. He is a British subject because of his birth here, though his father is a Dane and the Countess renounced her American citizenship last December to become a Danish subject.

## \$50,000 Fire On Davis Campus

Irrigation Building Lost With Valuable Records In Thursday Night Blaze

DAVIS, (UP)—Fire inspectors today sought to determine the cause of a fire which late last night razed the soil and irrigation building on the California College of Agriculture campus, causing an estimated damage of \$50,000.

Included in the loss were records of nationally important agricultural experiments, it was said, and the loss of notes taken on the experiments will be a serious setback in solving many agricultural problems throughout the United States.

The fire was discovered by Dr. Harold Olmo of the viticulture department and it originated on the top floor of the building, it was reported. The Davis, Woodland, Dixon and Plainfield fire departments battled the fire and were aided by volunteers.

## 4 Cachets Planned For Ohio Festival

MARIETTA, O. (UP)—When the Postoffice Departments places its special 3-cent commemorative stamp on sale here for the first time July 15, the Marietta Northwest Territory Celebration Commission will issue jointly a series of four cachets, designed to portray the sequence of historical events connected with the establishment of American government in the Northwest Territory in 1788.

The cachets will have special interest to stamp collectors throughout the nation.

## Bandits Beat Victim; Didn't Like Looks

PHILADELPHIA (UP)—Because two bandits didn't like his looks, Robert J. Teubner was beaten.

Teubner was robbed of \$23 by the two bandits, but when they started to leave one of them said: "I don't like the looks of this guy. Let's give it to him." Later a taxi-cab driver took the unconscious Teubner to Hahnemann hospital.

**PAWN**—Difference of opinion over education of Lance Haugwitz-Reventlow, above, caused a clash between his parents, the Count and Countess Haugwitz-Reventlow, according to London reports. His mother is former Barbara Hutton.

## NEW H. S. BOND VOTE CALL IS APPROVED

Governing Board Affirms Date For \$95,000 Election; Will Be Held On July 26th

Formal call for a bond election upon a proposal to issue \$95,000 in county high school district bonds, to be used with an expected PWA allocation to pay for enlargement of the overcrowded high school plant, was issued on Thursday night by the governing board of the school.

The election will be held on July 26th, at certain designated polling places throughout the county, from one o'clock in the afternoon until 7 o'clock in the evening. Reference to the list of polling places named in the official notice published in this issue, will show that the voting places have been designated at locations intended to make participation in the election convenient to all electors.

The governing board of the school felt that a second election should be held since the first election, held on June 17th, saw a total of but 807 votes cast, with the proposal failing of a two thirds majority by thirteen votes.

In deciding to re-submit the question to the voters, members of the board pointed out that the total of votes cast in the original election represented only about twelve per cent of the electors of the county, and it was felt that the matter to be decided is of such importance to the county that a second vote on the proposition is warranted.

## TEXAS HILL RESIDENT SUCCUMBS THURSDAY NIGHT

The funeral services for Mrs. Victoire Beasas, 65, who died Thursday night at the home of her daughter, Mrs. Guillaume Hourcade, in the Texas Hill district, will be held from St. Patrick's church on Tuesday morning at 9 o'clock. Interment will be at Union cemetery.

The rosary service will be held on Monday evening at 8 o'clock at the Dillinger chapel.

In addition to the daughter named, she is survived by three sons, John, of Turlock, Tduard, of Oakland, and Germaine, who lives in France; and by one other daughter, Mrs. Sophia Lompre, of San Francisco.

## 100 SHIPS IN FLEET REVIEW

Largest Concentration Of U. S. Vessels In Pacific Will Parade In San Francisco Bay

SAN FRANCISCO, (UP)—The United States naval office here announced today that President Roosevelt will review the largest concentration of fighting ships ever held in Pacific waters in San Francisco Bay July 17 or 18.

More than 100 ships, including 10 battleships, 17 heavy cruisers and a number of light cruisers, destroyers, submarines and supply ships will pass before the commander in chief of the armed forces of the United States.

It was learned the President will review the passing fleet from the deck of the heavy cruiser Houston.

The Houston now is undergoing repairs at Mare Island navy yard. The President will cruise on the Houston to the west coast of South America, it was reported. Ports in Columbia, Ecuador, Peru and Chili will be visited by Mr. Roosevelt.

A navy informant reported the Houston was being fitted with escalators and living quarters for Mr. Roosevelt and his staff. When completed it will be a comfortable ship for pleasure cruising.

Under the tentative plan for the President's tour, Mr. Roosevelt will arrive here between July 15 and 17. The fleet will begin to concentrate in San Francisco Bay early July 16 and for 48 hours the fighting craft will steam in the Golden Gate.

The navy vessels will begin to leave San Francisco Bay on July 20 and all will have departed for unannounced destinations by July 22. The navy said that the airplane carriers Lexington, Saratoga, Ranger and Langley were not scheduled to be in the review before Mr. Roosevelt, but that orders "may be revised."

## McCormick Body Is Located

Corpse Found On Ledge Of Canyon Wall, Ten Miles From Nearest Transportation

ALBUQUERQUE, N. M., (UP)—The body of John Medill McCormick, grandson of Mark Hanna and heir to a publishing fortune, has been found in the wild Sandia Mountains, the United States Forest Service announced today.

The discovery ended a search which was started a week ago today when Mrs. Ruth Hanna McCormick Simms, mother of McCormick, became worried when her son and Richard Whitmer, his 20-year-old companion, failed to return from a mountain scaling expedition. They had left home June 22.

Whitmer's body was found last Friday on a ledge on the western shield of Candia Peak. The second body was on a ledge on an almost vertical wall of the right fork of the Canon Del Agua, approximately a mile from where Whitmer was killed.

The Canon precipice is 1,500 feet high. Foresters said the body will either be raised to the rim or lowered to the floor by ropes. In either case it will have to be carried 10 miles to the nearest road.

## Germans Honor Zeppelin In Opening Museum

FRIEDRICHSHAFEN, (UP)—A Zeppelin Museum will be dedicated here in the early part of July. The occasion will be the 100th anniversary of the birth of Count Ferdinand von Zeppelin.

This museum has had a more or less unofficial character since 1930, being housed in one of the larger rooms of the Zeppelin Company's administration building. Its purpose, however, has always been to give the many visitors who come to see the airship plant a comprehensive view of the history of rigid lighter-than-air-craft of the Zeppelin type.

## MEETING TAKEN TO MEMBERS

LORAIN, O. (UP)—When C. O. Street was too ill to attend an important session of the United Spanish War Veterans, the organization "took" the meeting to Street, and held it in his home.

## Traffic Toll Nearly 500 For July 4th

HARTFORD, Conn., (UP)—The Travelers Insurance Company today predicted that nearly 500 persons would be killed in automobile accidents over the Fourth of July weekend.

More than 14,000 others, the forecast said, will be injured in traffic mishaps.

The company also predicted 150 to 200 drownings, adding that fireworks are no longer a major cause of death on Independence Day.

## PEAR BY-PRODUCTS STUDY IMPORTANT

Fruit Contains Valuable Minerals; Beneficial In Certain Dietary Cases

Development of by-products from pears is one of the most important research jobs which should be conducted, states Dr. Ira A. Manville, Medical School of the University of Oregon. Dr. Manville has been conducting research for the Oregon-Washington-California Pear Bureau for seven years and at a recent meeting of bureau members reviewed his work to date.

Dr. Manville told of the presence in pears of sorbitol, a sugar alcohol that may be of great importance to the diabetic. This constituent is used in the leather industry and paper industry and is widely used by chemists for synthetic manufacture of Vitamin C.

Research at Oregon State College has shown that pears are a good source of copper, which is valuable in diets to prevent anemia. The relatively low phosphorus and sulphur content of the pears grown in the Pacific Northwest is important for those dietary cases where it is desirable to avoid an excessive amount of acid producing foods.

Besides valuable minerals, pears contain levulose—the sweetest of all sugars. "If one wished to maintain the same degree of sweetness but cut down in calories, levulose would be the proper sweetening agent," says Dr. Manville.

Vitamin A which is concerned with maintaining the integrity of the mucous membrane especially of the eyes and respiratory tract; Vitamin B, which is a dietary essential for normal appetite and normal function of the nerve system; and Vitamin C, which helps prevent scurvy—have all been found in the fruit.

## SHERIFF WIRES HE WILL ARRIVE SUNDAY NIGHT WITH PRISONER

Sheriff George M. Smith, who has been at St. Louis to return Bob Fay to Placerville, has telegraphed Deputy Ralph Jones that he will arrive with the prisoner at Sacramento Sunday night.

Fay, one of three men who escaped from the county jail on September 29, 1936, was arrested at St. Louis last Saturday.

At the time of his escape, he was held on a charge of transporting dynamite illegally, and he was indicted by the Grand Jury in December of 1936 on charges of burglary, grand theft and jail breaking.

Harry Brown, ex-convict, charged with carrying a concealed weapon, and Cornelius Pytsch, convicted of rape, who fled the county jail with Fay, are still at large.

## SILK PRODUCTION URGED AS NEW INDUSTRY IN DIXIE

MEMPHIS, Tenn., (UP)—Production of raw silk in the South to use labor no longer needed by the ailing cotton industry has been suggested by Robert Cohen, mid-South planter.

Cohen pointed out that the silkworm—contrary to popular belief—is not a tropical insect and actually attains its best development between the temperatures of 68 and 77 degrees.

"A domestic sericulture industry (production of raw silk by raising silkworms) would give employment to a large number of skilled workers," Cohen said. "The farmer's income would be increased on the average of \$30 to \$40 a month an acre for work that took slightly more than half his time."

## REUNION OPENS AT GETTYSBURG

Scant 2,000 Of Civil War Veterans Unite On 75th Anniversary Of Battle

By HARRISON E. SALISBURY

United Press Staff Correspondent

GETTYSBURG, Pa., (UP)—The whisper of ancient battle rustled the young corn of Pennsylvania midlands today, stirring rusty memories among a gallant but feeble band of fighters, blue and gray.

It was the whisper of the bloodiest conflict this continent ever saw and three quarters of a century has not stilled the answering echoes.

Today in this Gettysburg countryside, where a crackle of musketry sounded at dawn on July 1, 1863, to clarify conflict that challenged a nation's course, a great spectacle was in the making.

But it was a spectacle, planned and guided by a nation in peace and unity, and of that homeric clamoring of a past century there remained but the thin whispering of breezes blowing over fields and the memories of old men.

To those old men, a scant 2,000 of the legions once garbed in blue and butternut, the first act in the panoply by which their nation does them homage was symbolic—of time, of the fading old passions and the coming of a new way of life.

For today was reunion day in Gettysburg. Seventy-five years ago Gettysburg kept reunion with death and destiny. This reunion was of a different order, a reunion in which Union and Confederate army of the Potomac and army of northern Virginia gathered in a common stadium of Gettysburg College and spoke from a common platform a common pledge of fellowship.

The pace was telling upon the aged veterans but medical officers in the tent camps where the remnants of the two forces bivouaced side-by-side were amazed at the resiliency of their feeble frames. Twenty veterans were hospitalized today; 10 others had been in the hospital for brief periods and then discharged.

## Paris Hop May Start Saturday

Preparations At Le Bourget Indicate Millionaire Pilot Maps Round World Flight

LOS ANGELES (UP)—A spokesman for Howard Hughes said today the millionaire oilman-flyer will not take off until tomorrow, at least, for New York, to make his flight to Paris.

Denying a report from the east that the take-off would be today, the spokesman said adjustments on Hughes' big twin-motored plane will keep mechanics tinkering with it all day.

PARIS, (UP)—Preparations were made at LeBourget Airdrome today for the arrival of Howard Hughes, who was reported here to be planning to leave the United States Saturday on an attempted flight around the world.

Hughes asked LeBourget officials to prepare 2,500 gallons of gasoline, 40 packages of American cigarettes, 40 bottles of beer, five gallons of coffee and five lunch baskets. He was expected to remain at LeBourget two hours and then take off for Moscow.

## LOTUS

Henry Bacchi and wife took Sunday afternoon off from work and household duties and dropped in to say "hello" to the Reasides after an earlier visit with Judge Rasmussen. Bill Staggs joined them at Reasides and all sat down to a potluck supper.

Mrs. Eva Gould and her nephew, Bob Flint, with William Kellogg, Fred Rasmussen and wife, came up from Sacramento early Sunday morning and spent the day having a picnic at the Marshall monument with a party of their party. All returned to Sacramento toward evening. Bob Flint and Kellogg are engaged in the real estate business in the capital city.

We learn that another new custodian has taken charge of Marshall Monument park at Coloma. Mr. and Mrs. Young left Coloma upon the arrival of their successor.

Mr. and Mrs. Maurice Veerkamp and Wayne Daniels came down from Granite Hill last Tuesday evening and got their names on the Great Register so they can cast their vote in the coming elections. They were under the impression that was the last day to register but found themselves misinformed. The last day to register for the August primaries is July 21.

Mrs. Hattie Carpenter, nee Othick, of San Jose, who has been visiting with her friend, Mrs. Angie De Lory, for the past week, left for her home on Monday. Mrs. Carpenter has property in Coloma, her old home and birthplace, which she has leased for mining purposes, and she came up to look after her interest in it.

On last Thursday the mercury hit the 102 mark, but a cooling breeze blew all day. June 27th, 1937, was our warmest day and the mercury reached 107. We do not expect to see that mark equalled this June as we have only a few days left.

Manfred De Haas, architect of Oakland, spent the weekend here with his wife and son and the Pugh family. Manfred and wife are building a nice cottage near the home of her parents for a summer vacation. De Haas, with the assistance of William Pugh, and his son, Eddie, are doing the work and when it is finished it will be a credit to themselves and to the town.

E. J. McKenney and son, Elvin, who have put in the past week building a form a concrete foundation for their quartz mill and doing other work about the mine, returned to Sacramento on

Sunday to attend a birthday dinner in honor of Elvin, who reached 17 years of age.

Otto Fenske has accepted a position at the large fruit house in Placerville and no doubt he will be with the plant all season. Otto drives back and forth every day to his work.

Bud Jones with his bunch of cattle from Clarksville and Frank McCullough, with his large band from the Michigan Bar and Sloughhouse section, passed through our streets the past week going up to their mountain ranges for the summer months. Fred Castillo took his cattle up a short time ago. Luneman Brothers and Archie Lawyer will soon follow.

Among those seen on our streets the past week were Charles Oulicky and mother, also Herman People, of the Webber Creek district; Newton Grout and wife, Mrs. Angie De Lory and son, Everett; Mrs. Jeanne Oviedo, of Coloma and Mrs. Hattie Carpenter, of San Jose and Mrs. Rosa Abercrombie and two children, of near Coloma.

Henry Bacchi has been hauling stove wood from his lands as a precaution of forest or brush fires. Henry has 200 tier or more scattered around out of the 700 tier he had cut the past winter. He was assisted by Charlie Rice and his friend.

Only a few days will be made until a change will be made in carrying the mail between Placerville and Cool and Auburn. William Rust, who has been on the job for the past eight years serving the people along the route, will make his last trip Thursday of this week and we will have a new person to take the place of Mr. Rust. We are informed that a Mrs. Orr, near Cool, has the contract and of course will take charge July 1. Bill Rust will surely be missed by all his friends and we do hate to see him leave us. We hope the successor will be as accommodating and as good-hearted as Billie.

Mrs. Jeanne Oviedo, who recently purchased the house and lot owned by Frank Curran, of Oakland, situated on the American River half a mile north of the town of Coloma, intends to make many improvements on this property in the near future by fixing a nice place for boating, bathing and fishing. Dr. Oviedo comes up every Friday evening from San Francisco and returns Monday morning after a week-end visit with his wife and their two children.

Mr. and Mrs. W. E. Bowman, of the Arrow Ranch, near the Four Corners, left Saturday for Livingston, Montana, where they are scheduled to appear in the Fourth of July rodeo. From there they will go to Calgary, Canada, expecting to be on tour for about two months.

Clarence Tidd of the Lotus Oaks resort has returned home after a few

days spent at Gerie Creek with Hector Williamson, erecting a new bridge.

The Reaside family has a new member in the form of one Chester White pig, now familiarly known as Peter. Now they have a cow and a pig to contend with.

Mr. and Mrs. Dudley Freeland were Lotus visitors Friday morning.

A whist card party and luncheon was given by Mrs. Reaside at her home on Wednesday afternoon, June 22 and those who were present were Mrs. Annie Bassi, Mrs. Ida Herzog, Florence Hines, Ella Norris, Mrs. M. Stoltzfus, Mrs. Eugenia Fleming, Mrs. Rose Hansen, Mrs. Cora Winje, Mrs. J. Oviedo, Mrs. Theo Stearns, Ethel McCutcheon, Lottie Galleher, Dorothy Metcalfe, Mrs. Amran Winje, Miss Helen Reaside and the hostess. It was a ladies affair and the men were left out.

## COLOMA

Mrs. Hittie Carpenter, of Fairfield, is here as guest of Mrs. E. E. De Lory. Mr. and Mrs. Jay Young, of Needles, who have had charge of James W. Marshall state park since the first of the year, moved to Placerville Saturday. Mr. and Mrs. George E. Barr, of Redwood Park, Big Basin, Santa Cruz County, are now in charge of the work. Mrs. M. Stoltzfus and nephew, Sam Summers, visited friends at Sebastopol and Santa Cruz over the week-end.

Leland Borland, of Sacramento, visited his uncle, John Hume, last week.

Among the candidates for election who called on voters here recently we have noticed Arthur J. Koletzke, William Bethurst and Miss Jane McCusker. The latter was accompanied by her sister and Miss Hermle.

Rev. and Mrs. Rex Barron, of Placerville, called on Coloma friends Wednesday.

Mrs. Bessie Cheek and sister, of Georgetown, were Coloma visitors Sunday as were Mr. and Mrs. Charles Jerrett, of the same place.

Mr. and Mrs. Henning, of Sacramento, the former connected with state park work, spent Saturday here.

Ernest Camper, of the state parks division, spent Saturday here.

Repair work which has been going on the past month at Marshall's cabin will be completed this week. A concrete foundation has been put under the cabin, a new shake roof on the shelter over the cabin, new windows and frames replace those stolen by vandals and much other necessary work done. The cabin, when finished, will appear just as Marshall left it. George Kneppler, superintendent of state architecture, has kept his eye on the work. The carpenter in charge has been George D. Difani, of Carmichael. Money for the work was the \$3,000 appropriation sponsored in the Legislature of 1934, by our State Senator A. L. Pierovich.

## PINO GRANDE

Mr. and Mrs. Robert Harrison moved to Placerville Saturday evening where they took in the show.

Sunday evening H. E. Crawford returned to Pino Grande after spending the week-end in San Jose. Mrs. Crawford accompanied her husband and will live at the annex until their cottage on "400 Hill" is completed.

Mr. and Mrs. Carrick were in Placerville Tuesday night of last week. They purchased the ingredients for the lunch served at the school program on Thursday night.

Graduation exercises were held on Thursday evening at the school house with about seventy-five people in attendance. Those from out of Pino Grande were Mr. and Mrs. P. Boromini and two children from Camp 14.

Mrs. Ruby Melchior, of Mosquito, Miss Betty Martin, of Camano and Mrs. John Hardy of Sacramento, L. G. Hutchinson and Marian Hutchinson graduated. They are planning on attending the El Dorado County High School in the fall. The program was a credit to Mrs. Hansen, Pino Grande teacher. The music pupils of Mrs. C. E. Saylor contributed the musical selections. The program opened with piano solos by Marian Hutchinson and Sibyl Major which were followed by a piano play entitled, "Hello Springtime" with a cast including Robert Saylor, Mary Onetti, Charlotte Mason, L. G. Hutchinson, Marian Hutchinson, Mary Elizabeth Mason, Sibyl Major, Alice Collins, and Raymond Beckett.

Robert Saylor was then heard in two piano selections, "June Roses" was presented by seven girls accompanied by Ella Faye Immer. George Major was heard in a reading, Marian Hutchinson offered a piano solo, the class will be read by Ella Faye Immer, and a farewell song was sung by Marian and L. G. Hutchinson, after which the class was presented by Louise Hansen and diplomas awarded by Mrs. Brooks Mason. The class motto was "Not finished—just begun."

The costumes worn by the children in the play and rose drill were a credit to Mrs. Hansen and the mothers who made them. Ella Faye Immer who took the part of Spring in the play looked very lovely in her long pale robe of powder blue. Robert Saylor took the part of April and wore an interesting jester costume made of many shades of soft spring colors. Raymond Phillips took the part of a blue bird. His costume was made of crepe paper and was designed and made by Mrs. Hansen. It was very life-like and Raymond made a darling little bird.

After the program cake and punch was served. The women of Pino Grande donated and a collection was taken up to pay for the punch. School will start July 5th and we are very happy to learn that Mrs. Hansen will teach here for another year.

Mr. and Mrs. Swift Berry and eight friends paid a brief visit at Pino Grande on their way to Camp 14 last Wednesday.

Mrs. Shelby's mother and sister visited with her for a few days this past week.

On last week end Mr. and Mrs. Ory and their daughter, Mrs. J. Fox, of Placerville, visited.

Robert Zeck, Pino Grande storekeeper, and his daughter, Helen, ill in a San Francisco hospital. Last report was that she was slowly improving.

Last Friday morning Mr. Major had the misfortune to badly cut his left thumb while cutting wood. Just as he started to swing the ax, he coughed, and the ax slipped sideways, thereby inflicting a blow on his thumb and hand. He was taken to a hospital. At present he is recovering at the Placerville Sanatorium. He will probably be a month or more before Mr. Major will be able to return to work.

Mr. Chapman and son Charles have moved to Camp 14 at his mill. They will leave for the summer and return to Placerville when school opens.

Saturday evening a welcome home party at Camp 14 was given in honor of Bill Ruff and his bride who had returned from honeymooning in Southern California. About 50 of his friends gathered at his home and those from out of Camp 14 included Mr. and Mrs. C. E. Saylor, John Chamberlain, of Pino Grande, Mr. and Mrs. Allan Schambern, of Mosquito. A pleasant evening was spent and at a late hour, delicious refreshments were served. Congratulations and best wishes were extended the happy couple.

Thursday night E. Lamentagne at Camp 14 was greatly surprised to see a bear standing in the doorway of his cabin. Next morning the tracks of a mother bear and two cubs were seen about camp.

Since the departure of the CCC boys from Finner Reservoir a large number of young fellows from the mill have taken advantage of its swimming facilities. Each evening a caravan of boys loaded with boys and girls is seen paddling out of camp bound for the reservoir.

A meeting in regard to the proposed plans at the reservoir was held Friday night at the schoolhouse. Tentative plans were made to hold it sometime the latter part of July. An enthusiastic crowd gathered and a committee was appointed to arrange for finances, transportation, food and fire protection. Those appointed were R. D. Harrison, chairman, C. A. Ramsey, M. J. Scheller, H. Phillips, Karl Skuja and C. E. Saylor. Another meeting was

Dundup and Jesse Jewell will act as Judges of said election and conduct the same.

All of said Inspectors and Judges being competent and qualified electors of said El Dorado County High School District.

IN WITNESS WHEREOF, we have hereunto set our hands this 30th day of June, A. D. 1938.

scheduled for after the 4th of July shutdown.

Great hilarity and much merriment was observed in "Tin Can Alley" immediately after the Louis-Schmeling fight. We understand some of the boys made a "killing," while others had a very "woe-begone" air.

The mill at Pino Grande and Camp 14 will be shut down July 2, 3 and 4 in observance of our national holiday.

The bridge over Gerle Creek, washed out by high waters this spring, has been rebuilt and the road crew report that the road to Loon Lake will be in good condition by the 4th of July. A number of local people are planning on camping at Wentworth Springs over the coming holidays.

Miss Grace and Edna Smith are house guests at the Immer home.

Mr. and Mrs. D. Wilhite entertained Mr. and Mrs. J. Carrick at dinner Monday night. It was Mrs. Carrick's birthday.

Mr. and Mrs. McCarroll went to Sacramento Saturday. When they returned they brought Mr. McCarroll's two nephews, Jack and Bobby McCarroll with them. The boys are planning on spending a month or two here.

Otho Justus returned to Pino Grande Saturday evening from Auburn where he purchased a very good looking 1936 Ford Coupe.

Mr. Ramsey spent the week-end at Angels Camp visiting friends.

Phil Horstmeier was up from Berkeley Wednesday night to see his father Bill Horstmeier who is very ill and confined to his bed.

John Martin and two friends of Pasadena are at the Taylor Mine for a few days.

The Willow School gave a picnic Friday on Steady Fork with ice cream and

weiners. It was the birthday of Miss Madeline Allison one of the pupils.

Mr. and Mrs. Thomas Ward, Mrs. Bob Veerkamp and sons, Bill and Milton, Maude Campion and Frank Cole spent the week-end at Yosemite National Park.

Mr. and Mrs. Hubert Cox and family left for Bakersfield Saturday. We are sorry to have Mr. and Mrs. Cox leave this community and wish them success in their new home.

Mr. and Mrs. Ervin B. Root and daughter Helen and two sons, Robert and Eldon with their families came up from Sacramento and spent the week-end at the Armsbee Ranch.

Asa Webster was bitten on the hand by a rattlesnake Sunday at his ranch near Grizzly Flats. Mr. Webster was taken to Placerville for treatment.

There were several from here who attended the water party at Missouri Flat Tuesday night and all report a good time.

Jim Burnett and Mrs. Clarence Scheller made a trip to Lake Tahoe to the Schreiber summer home during the week-end.

Phyllis Barton has been quite ill but is much improved.

## PARADE OF SPORTS

By HENRY McLEMORE  
(United Press Staff Writer)

BOSTON, (UP)—If I were a Dale Carnegie pupil, intent on making friends an influencing people (Sam Riddle and War Admiral, say) I would bestir myself to think up a fine, fat excuse for War Admiral's defeat Wednesday in the \$50,000 Massachusetts handicap at Suffolk Park.

But I'm through making excuses. I'm worn out making excuses for horses—horses who wouldn't hand me an oat if I were starving. I practically took up room and board in Stagehand's throat in Louisville in order to justify his withdrawal from the derby; I made housemaid's knee a major disease to excuse Seabiscuit in the \$100,000 "Belmont Bust," and I thumbed through the homeopathic complaints of the Hapsburgs trying to excuse War Admiral for not showing up for the \$20,000 suburban.

But no more. Here's the reason War Admiral, the pampered patrician of the turf, was beaten (1) By Menow, (2) by Busy K., a direct descendant of the lead donkey on the famed 40 mile Borax team, and (3) by War Minstrel, whose full half brother was placed on sale recently in tubes, by the Lepage Glue Company.

He was out-run. He was plumb out-run. He was beaten out of the starting gate, he was beaten at the quarter pole, he was beaten at the half-mile marker, he was beaten where the three quarter pole lifts its pepper minted head, he was beaten at the top of the stretch, and he was beaten at the finish.

You can't excuse him on the ground that the track was heavy. You can't take a mile of mother earth around just to please a horse. After all, a champion—a true champion—must ask no favors of man or the elements. He must take what he finds and rise above it.

Charley Kurtsinger gave three reasons for the ending of the most brilliant winning streak in the modern history of the turf. Charley, who has had a leg up on War Admiral in all of his big races, said 130 pounds was too much weight, that the track was too heavy, and that the Admiral cut his right front leg at the three quarters post.

There is an answer to each of those reasons. The 130-pound impost came as no surprise; owner Sam Riddle and Trainer Conway knew about it weeks ago, and neither gentleman has reputation for putting up with an unfair weight.

They must have believed the Admiral was equal to giving Menow 23 pounds, else they wouldn't have stood for it. As for the heavy track, it was the same track for all six runners. And as for the cut on his foot—War Admiral gave himself the same injury in the Belmont Stakes a year ago and went

on to win and set a world's record for distance.

In short, War Admiral had no excuses. He had a free run, from flag-fall to finish. Menow just wouldn't be beaten. He took charge at the start and defied one and all, including the mighty son of Man O' War, to take it from him. War Admiral came close to doing just that, after a tremendous run down the back stretch. As Menow whipped into the far turn that leads to the stretch and home, War Admiral came within a head of collaring him. But Menow, the horse everybody thought was a quitter after a mile had been run, looked the champion in the eye and as good as said:

"I'm not quitting today. I'm going on, and I'm going fast."

Menow did just that. In the next furlong he blazed to a lead of seven lengths, and finished with Jockey Nickle Wall riding him like a police chief in a parade.

That was the race—Menow's speed.

### FIVE-MILE TERRACE

Mrs. Ada Dixon and daughter Charlotte, of Los Angeles, visited Mrs. Stanley last week.

Morday morning Mrs. Vanyle was ready to declare war on "varmints" and rodents as well as prowling cats, following the loss of some fine poultry. The marauders ate their fill beside the coops, leaving the bones, feathers, and section of one chicken. Monday night three traps were set ranging in size from a con trap to one large enough to hold a bear. The remains of the chicken provided the proper bait and late in the evening a Mrs. Pole Cat returned for another meal. In reaching for the bait she was caught in three traps. A well-aimed shot ended her career. Now Mrs. Vanyle is hoping the rest of the odorous cat family will return to meet a similar fate.

The old stage coach which, according to the papers, was recently purchased from George Wilson, was once used by the late James Blakeley, son of A. J. Blakeley. His name with the words "Grizzly Flat" can still be seen on the side of the coach. This old vehicle has stood out in the weather at the Five Mile House for some years and before many more winters would have gone the way of other interesting relics.

Mrs. Gene Lowry, sister of John R. W. Wilson, has moved up from Oakland with her son. After a few days at Pilot Hill with her parents, the P. T. Wilsons, she will spend the summer at the Sadie Mathes cottage.

Mr. and Mrs. Paul Savage called on the Bob Williams family last Tuesday evening.

Mr. and Mrs. Corder and daughter Ruth have moved from the Terrace to their ranch at Pleasant Valley. Mrs. Corder was a fine neighbor and will be missed by her friends.

Mr. and Mrs. Hekla, of Pleasant Valley spent Sunday with the John R. W. Wilsons. From their ranch they brought a suckling pig ready to roast. Needless to say a good time was had by all.

Emily MacFarland and Bruce visited Mrs. Carl Visman Monday evening.

Mrs. R. A. Barnes spent last Wednesday and Thursday in Sacramento.

The schedule for Friday night: Diamond Springs Girls vs Placerville Cubs; Round Tent Cafe vs Camino Lumberjacks; and Forest Service vs Pacific Service.

The games of the league which are scheduled for Monday night have been postponed, owing to the holiday, until Tuesday night, July 5.

Emanuel Rose was a caller on Friday from the Cool vicinity.

She reports the weather uncomfortably warm and she was happy to return to the tall pines. Mr. Barnes has been busy this week moving into the new barber shop at Camino.

Here's one of Walter Winchell's orphans to a young lady in the Terrace who is carrying on in a most efficient and courageous manner. When Mrs. Ralph LeVitt was taken to the hospital some weeks ago, Edith, a freshman in high school last year, became chief cook and housekeeper for her father and brother. Aside from household duties she finds time to write a news column for a local paper, do a bit of bicycling and last week canned forty quarts of cherries.
